Suggested Smart Furniture

Here are some smart furniture options that can help you make the most of the space. We have shown some suggested furniture layouts using this furniture in later sections.

Sofa Cum Bed & Murphy Bed

Sofa cum beds are ultimate multi-utility space savers - use as a couch during the day, or as a queen sized bed or also as two single beds during the night. Also provides a lot of storage.

Murphy beds are pull down beds which remain hidden from sight during the day and serves as a comfortable sleeping space at night - a huge space saver.

Foldable or convertible tables

Folding tables save a lot of space. Whenever you need a quiet corner to study or work, you can just pull it up to create a study table.

You could even get a coffee table that converts into a dining table for upto 4 people when you pull up the sides.

Stackable Chairs/Stools

Stackable stools are very helpful in small spaces. Add extra seating as per your need when you have guests over.

Bhandup ka naya roop

Bhandup enjoys an excellent location within the city with good rail and road connectivity and the greenery of the national park to the west, yet the property rates are lower than the surrounding suburbs of Mulund, Kanjur Marg, Powai and even Thane. With large slum rehabilitation projects now underway, and with the metro set to come soon, Bhandup is set to transform.

Marathon Group has an ambitious vision to help create a New Bhandup with over 5000+ homes being planned in Bhandup over the next few years.

Superb construction

Marathon projects are built using cutting edge construction technology that ensure our structures are rock solid, leak proof and built to last.

50 years of expertise

With our leadership team having decades of engineering and construction expertise, we have been pioneers of many best practices in the industry. We do not outsource our construction and our engineers retain full control over construction quality.

Rock solid construction

The revolutionary MIVAN formwork technology allows for simplified and faster construction activity with an excellent, smooth concrete finish. It helps to reduce the time taken for construction while creating rock-solid, leak-resistant structures.

Micro-managed quality

Our engineers go right till the source of the raw material to ensure that quality is uncompromised. An on-site material testing lab ensures the highest levels of quality control. We used only premium finishes in your homes and use premium, polymer paints that do not fade and last for a long time.

Safety first

We deploy high quality CCTV, fire fighting & electrical safety systems. We use multiple circuit breakers, low smoke hazard cables, elevator safety systems and more to ensure your safety. Our water tanks are also designed to minimise microorganism growth.

We are a Mumbai based real estate development company that has completed over 80 projects in the city. We are currently building several townships in the fastest growing neighborhoods, affordable housing projects, ultra-luxury skyscrapers, small offices and large business centers. Our projects are spread across the Mumbai Metropolitan Region (MMR)

Our story

Our Origins

1922

Our origins date back to 1922 when our patriarch played a key role in creating the masterplan for 550 acres of the suburb of Mulund - his role in the planning has resulted in Mulund being one of the best planned suburbs today.

1969

Marathon Group was formally established with our headquarters in Mulund.

70's - 90's

We played a key role in shaping the Mulund skyline through the next

Poonam, built in **1972**, was the first building with an elevator in Mulund.

Marathon Antariksh was the first high rise in Mulund.

90's - 00's

We witnessed exponential growth starting from the 90's by venturing into new locations like Lower Parel and Panvel and new categories like townships and affordable housing

We ventured into affordable housing with the award winning Marathon Nagari township at Badlapur.

Our flagship commercial project, Marathon Futurex at Lower Parel opened in 2010. Futurex is a landmark in the city & houses some of the finest international & national brands.

We recognised the superb potential of Panvel and launched our first premium township project Marathon Nexzone. It was also the first project in Mumbai to offer e-registration of property.

10's - Present

We launched two more large township projects at Dombivli - Nextown and Nexworld.

Launched Monte South at Byculla, a joint venture with Adani Realty - one of the most luxurious projects in South Mumbai.

We ventured into the education space with the revolutionary NEXT School at Mulund W. NEXT is India's 1st Big Picture Learning school.

We launched NeoHomes - a new generation of urban homes at Bhandup W, that offers the average Mumbaikar the chance to own a home in the city.

Ongoing projects

We are currently building several townships in the fastest growing neighborhoods, affordable housing projects, ultra-luxury skyscrapers, small offices and large business centers, with projects spread across the Mumbai Metropolitan Region (MMR).
